

MELTON AND BELVOIR
RURAL DISTRICT COUNCIL

ANNUAL REPORT
OF THE
MEDICAL OFFICER OF HEALTH
FOR THE YEAR 1965

MEMBERS OF THE COUNCIL

Chairman of the Council:

Alderman P.R. Hill, J.P.

Vice-Chairman of the Council :

Mr. J.F. Croome.

Mr. W.H.S. Wells.

Mr. R.C. Knights.

Mr. R.W. Toon.

Mr. H.D. Hornsby.

Mr. H.E. Hickling.

Mr. J.K. Hart.

Mrs. L.R. Croome.

Mrs. M.B. Lee.

Mr. A.G. Mitchell.

Mr. H.C. Brown.

Ald. W.T. Orson.

Mr. L.A. Kerry.

Mr. S.S. Exton.

Mrs. P.E. Garratt.

Rev. G. Slater.

Mr. S.A. Eggleston.

Mr. R.H. Watson.

Mr. L.E. Jesson.

Mr. G.M. Hutchinson.

S/Ldr. C.G. Bircham.

Mr. W.E. Stanley.

Mr. H. Smith.

Mrs. M. Drewry.

Mrs. M.L. Aspell.

Mr. D.F. Sanday.

Mr. F.T. Whait.

Mr. S.W. Warrington.

Mr. E.H. Hutton.

Mr. R.W.W. Easom.

Mr. D. Headly, C.M.G.

Mrs. R. Porter.

Mr. J.E. Barnett.

Mr. G.W. Miller.

Rev. R.T. Seivewright.

Mr. G.H. Houghton.

Mr. A. Livingstone.

Mr. S.W. Birch.

Mr. J.G. Burgin.

Mr. E.W. Green.

Mrs. E.A. Holland.

Mr. C.E. Dalton.

Mr. H. Lord.

Mrs. M.A. Allwood.

Mr. L. Dickinson.

PUBLIC HEALTH OFFICERS OF THE AUTHORITY

MEDICAL OFFICER OF HEALTH

J.V. Loughlin, M.B., B.Ch., B.A.O., D.P.H.

CHIEF PUBLIC HEALTH INSPECTOR

J.P. Milburn, M.R.S.H., M.A.P.H.I.
Cert. of R.S.I. and S.I. Joint
Examination Board.

The appointment of Chief Public Health
Inspector is held by the Surveyor to the
Council.

DEPUTY CHIEF PUBLIC HEALTH INSPECTOR

G. Bower, M.R.S.H., M.A.P.H.I.
Cert of R.S.I. and S.I. Joint
Examination Board. Cert of R.S.I.
for Inspector of Meat & Other Foods.

ADDITIONAL PUBLIC HEALTH INSPECTOR

H. Knighton, M.R.S.H., M.A.P.H.I.
Cert of R.S.I. and S.I. Joint
Examination Board. Cert. of R.S.I.
for Inspector of Meat & Other Foods.

* * * * *

Administrative Assistant - Mrs. J. Bouskill.

TO THE CHAIRMAN AND MEMBERS OF THE
MELTON & BELVOIR RURAL DISTRICT COUNCIL

Mr. Chairman, Ladies and Gentlemen,

I present to you my Annual Report on the health of the District for the year 1965. As usual this has been compiled in accordance with the instructions of the Minister of Health.

I have pleasure in reporting a satisfactory state of health in the District and the statistics compare favourably with those for England and Wales.

The population has increased by 120 since the previous year. This may be explained by a slight increase in the Birth Rate from 15.74 to 16.80 and a decrease in the Death Rate from 11.9 to 10.65.

The Infant Mortality Rate was double that of the previous year. This is not so startling as it may appear because the total number of deaths was small, namely 8. Congenital Malformations and Accidents (other than motor vehicle) accounted for 5 of these and the remaining 3 came under the (Registrar General) heading of other defined and ill-defined diseases. The Infant Mortality Rate was 27.78 and compares with 19.0 for England & Wales.

There were no maternal deaths during the year.

The chief causes of death were Cardio-vascular lesions or diseases, Cancer, Pneumonia and Accidents. The latter supplanting Bronchitis as the **fourth** most common cause of death. Of causes of death by Cancer, Lung cancer was the main single cause accounting for 9 male deaths and 2 female deaths. It seems so tragic that so many should select to die from lung cancer, in the prime of life. Health educators have yet to discover why so many at their peril, choose to ignore expert scientifically acquired knowledge and advice. Obviously, more research is required to overcome this problem but more emphasis must be given to preventive medicine along with a greater share of the country's finances to the national health service.

There were 278 cases of notifiable infectious diseases during 1965, an increase of 161 when compared to the previous year and accounted for mainly by Measles. It should be noted that Scarlet Fever notifications increased from 2 in 1964 to 42 in 1965 and Whooping Cough notifications decreased from 27 to 6 during the same period. The year was an epidemic one for Measles. It is to be hoped that with the advent of a suitable

measles vaccine, the fluctuating epidemics of former years with their accompanying quota of ill health, will disappear from our midst. We are reminded of the ever-presence of Tuberculosis by notifications. I would like to remind parents that all school children of 13 years are offered vaccination against Tuberculosis. This, I carry out at the High Schools in my Districts. The acceptance rate at Bottesford High School last year was 94%. This was very good but we must always aim for 100% acceptance. Parents are exhorted to do their part in becoming health educators and fulfilling their responsibilities.

Mr. Milburn your Chief Public Health Inspector has covered the field of environmental hygiene very thoroughly in the latter part of this report, so I will content myself with a few comments.

Water

Regular sampling has shown the water supplies to be satisfactory with the exception of the Buckminster village supplies. This is the only village not served by the public piped water supply. Steps were taken to remedy the situation pending the provision of a public mains supply.

Sewage

The provision of adequate sewage facilities throughout the District was carried on and progress was satisfactory.

Housing

There were no Council dwellings built during the year, but 93 private dwellings were built an increase of 8 over the previous year.

The Councils Aged Persons Flats situated at Asfordby and Bottesford fulfil a growing need and no doubt our requirements will increase.

I am, Ladies and Gentlemen,

J.V. LOUGHLIN.

District Medical Officer of Health.

GENERAL STATISTICS

Area (in acres).....	113,025
Registrar General's estimate of population...	18,860
Number of inhabited houses.....	6,263
Rateable value at 31st March, 1966.....	£584,275

VACCINATION AND IMMUNISATION PROCEDURES

The following immunisation/vaccination procedures were carried out during the year by the Medical Practitioners:-

Diphtheria. Whooping Cough. Tetanus.
Poliomyelitis and Smallpox.

In my capacity as School Medical Officer I carried out B.C.G. vaccination (against Tuberculosis) of 13 year old school children. The following are the related available figures:-

BOTTESFORD HIGH SCHOOL

No. of Children eligible	No. who consented	No. Skin Tested	No. Positive	No. Negative	No. Vaccinated
104	98	98	15	81	81

B.C.G. vaccination, for other age groups, is available at the Chest Clinics in the County, at the discretion of the Consultant Chest Physician.

LABORATORY FACILITIES

The following examinations have been carried out at the Public Health Laboratory, Leicester:-

Nose & Throat swabs.....	71
Faeces & Urine.....	79
Blood.....	2
Sputum.....	19
Milk.....	46
Water.....	35
Ice-Cream.....	37
Miscellaneous.....	1

290

Ambulance Facilities: House Nursing Service: Home Help Service: Maternity and Child Welfare: School Health Services: Child Life Protection:

The Leicester County Council is the responsible authority for administration of these services.

National Assistance Act, 1948. Section 47

No action taken during the year.

SANITARY CIRCUMSTANCES OF THE AREA

I am indebted to Mr. J.P. Milburn, Chief Public Health Inspector, for the following information:

WATER

Number of samples taken for bacteriological examination:-

(a) from wells.....	38
(b) from piped supply.....	19

Results of samples taken:-

From wells	- Satisfactory.....	24
	Unsatisfactory.....	14
From piped supply	- Satisfactory.....	19
	Unsatisfactory.....	Nil

Number of wells:-

(a) closed.....	12
(b) cleansed.....	4

Number of cases in which piped supply was substituted for well water..... 23

Number of Parishes without a piped water supply..... Nil

Number of houses now on piped supply..... 6263

Number of Parishes and part Parishes with piped water supply:-

- (a) from public mains - 25 parishes
- (b) from private reservoirs - 1 part.

Existing Water supplies

There is a public piped water supply to every Parish, and the only village not served is Buckminster. Although this village has a private piped supply, because of the possibility of the yield of the local wells and springs being reduced by ironstone workings, it is desirable that a public mains supply should be provided

It is agreed by the Water Supply Authority (Leicester Corporation) that for technical reasons a scheme could best be provided by the Kesteven Water Authority to this village, and they have accordingly made provision in the design of a new scheme to serve an Area to the South/West of their district which adjoins Buckminster.

Existing Water Supplies - cont'd

The greater part of the District is now supplied with water from the River Dove. Stand pipes are not provided, the services being laid to consumers premises.

There is no indication of any tendency to Plumbo Solvency in the piped supplies.

The fluoride content of the water supplied in any part of the District is less than 0.2 p.p.m.

During the year under review there were no shortages, and the use of hosepipes was not banned.

DRAINAGE AND SEWERAGE

Redmile, Barkestone & Plungar

The Contractors (Messrs. G.S. Taylor & Son, Preston) commenced this scheme in April, 1964, and during the present year the work has progressed to schedule, and it is anticipated that the Works will be operating early next year.

Western Area

A scheme to cover the first phase (i.e. sewers in Asfordby, Kirby Bellars and Frisby-on-the-Wreake together with a Sewage Disposal works at Asfordby to ultimately serve 10 villages) at a cost of £180,000 was submitted to the Ministry of Housing and Local Government in July, 1964.

An Inspector from the Ministry held a Local Investigation into the Scheme at Warwick Lodge on the 5th January, 1965, and, whilst approval in principle was given, authority would not be granted to advertise for tenders until such time as a principle had been adopted regarding farm effluent. (The Council agreed to accept farm effluent, and propose to enter into agreement with farmers).

Eaton and Branston

The Council approved in principle a Scheme to serve these two villages, and as soon as the farm effluent requirements are known, application will be made to the Ministry of Housing and Local Government for approval.

General

Schemes are proceeding in accordance with the planned programme, and progress is considered satisfactory.

Closet Accommodation

Total number in the District at the end of 1965:-

- (a) Privies..... 80
- (b) Pail Closets.. 725
- (c) Water Closets. 5,823

Public Cleansing

Refuse is collected from all households at intervals of seven working days.

Nightsoil is collected weekly from 48 villages and 3 part villages. In the remaining 14 villages and 3 part villages no collection is made because these have a mains water supply and an efficient Sewage Disposal Works available.

A fleet of modern vehicles is maintained comprising:-

- 2 - S.D. 16/18 cu.yd. Refuse Collectors, with Fore and Aft Tipping Bodies.
- 3 - S.D. Combined Nightsoil and Cesspool emptiers, 800 gall. capacity.
- 1 - S.D. Refuse Collector as a "stand by".
- 1 - S.D. Cesspool Emptier as a "stand by".

Household refuse is disposed of by controlled tipping and no difficulty has been experienced. The levelling is carried out by means of a blade etc., attached to a tractor. Part-Time attendants are also employed at the tips. The system has been found satisfactory.

The disposal of nightsoil is to farms where it is ploughed into the land as manure. There is at present no difficulty in disposal, and in view of the amount of ploughed land it is not anticipated that this will create a problem for the next year or two.

The present system of conversion is by voluntary methods and has resulted in the conversion of 61 pail closets and privies to water closets during the year.

The scheme which the Council operates for the payment of a maximum grant of £30. towards the voluntary conversion of each pail closet to a water closet appears to be operating very well.

The Council is continuing to empty house cesspools on request from the occupiers at a standard charge of 10/- per dwelling. Cesspools at Trade premises are emptied at a charge of 10/- per hour. There is, however, no collection of the contents of privy middens within the area.

SANITARY INSPECTION OF THE AREA

The particulars given under this heading are for all purposes including particulars given elsewhere in this report:-

Total number of complaints received.....	81	
Total number of defects or nuisances discovered.....	62

OFFICES, SHOPS AND RAILWAY PREMISES ACT 1963

During the year nine further applications for registration were received and the total now stands at fifty-two. All registered premises were inspected during the year and informal action taken where necessary to enforce the provision of the Act.

In a supplement to Circular 9 to all local authorities during August the Ministry asked for a report on the standard of lighting of registered premises during the last three months of the year and in addition detailed information was requested about premises inspected during the month of November. An effort was made to take light meter readings of all the premises concerned but a small number remained to be dealt with at the end of the year. The following comments are made in accordance with this request:-

1. The general standard of lighting in offices and shops was found to be satisfactory.
2. Several cases were found where the lighting was below standard and they were usually in corridors or stairs.
3. Although no specific standard of lighting has been recommended to occupiers, that suggested by the Illuminating Engineering Society of Great Britain has been used as a guide.
4. The only recorded cases of excessive glare were in the self service type of shop premises but from enquiries made there were no adverse comments from shop assistants.

During November light meter readings in lumens per square foot were taken at the eleven registered offices in the district during mid-afternoon and were as follows:-

(a)	less than 5;	Nil
(b)	more than 5 but less than 10;						Nil
(c)	"	"	10	"	"	15;	3
(d)	"	"	15	"	"	25;	6
(e)	"	"	25	2

There were several cases where the standard of lighting in the selling area of shops was much better than that found in the stockroom and packing departments.

OFFICES, SHOPS AND RAILWAY PREMISES ACT, 1963 - cont'd

Class of premises	Number registered	Number of inspections	Accidents reported	Contraventions		
				Found	Remedied	Out-standing 31.12.65

ANIMAL BOARDING ESTABLISHMENT ACT, 1963

- (a) Number of premises licensed..... 7
(b) Number of inspections..... 11

Caravan Sites & Control of Development Act 1960

During the year 5 site licences were issued under the new Caravan Sites and Control of Development Act and in the majority of cases, the regulations as to conditions of site licences were complied with. The total number of individual caravan sites licensed is 38.

Tents, Vans, Sheds etc. - There are 3 vans in the district and 3 inspections were made. These vans are kept in a clean condition and no nuisances were discovered.

HOUSING

Inspection of dwelling houses during the year

1.	(a)	Total number of dwelling houses inspected for housing defects (under the Public Health or Housing Acts).....	94
	(b)	Number of inspections made for the purpose.....	196
2.	(a)	Number of dwelling houses (included under sub-head 1 above) which were inspected and recorded under Housing Consol. dated Regulations 1925 and 1932.....	11
	(b)	Number of Inspections made for the purpose.....	11
3.		Number of dwelling houses found to be in a state so dangerous or injurious to health as to be unfit for human habitation.....	6
4.		Number of dwelling houses (exclusive of those referred to under the preceding sub-head) found not to be in all respects reasonably fit for human habitation....	6
5.		Number of Demolition Orders made.....	Nil

Remedy of defects during the year without service of Formal Notice

Number of defective dwelling houses rendered fit in consequence of informal action by the Local Authority or their Officers...	29
--	----

Housing Act, 1936 - Part IV Overcrowding

1.	(a)	Number of dwelling houses overcrowded at the end of the year.....	Nil
2.		Number of cases of overcrowding reported during the year.....	8
3.		Number of cases of overcrowding relieved during the year.....	8
4.		Number of persons concerned in such cases	39

By the end of the year 381 dwellings had been dealt with under the Housing Acts in pursuance of the Council's Five Year Slum Clearance programme which on the 1st of November, 1955 stood at 302 houses to be demolished.

The total number of Improvement Grants made by this Council under the relevant Authority are:

Discretionary.....	626
Standard.....	362

Provision of New Houses during the year

Ninety-three new houses were completed and occupied by the end of 1965. All these were erected by private enterprise as no Council dwellings were erected. There were Two-hundred and thirty-five applicants on the Council Housing List at the end of the year and One-hundred and twenty new applications were received during 1965.

FOOD HYGIENE (GENERAL) REGULATIONS 1960

The following table shows the Food Premises grouped according to the trade carried on and compliance with Regulations 16 and 19.

For information:

Regulation 16 requires provision of wash-hand basins and hot and cold water on food premises - Regulation 19 requires facilities for washing food and equipment in certain premises.
